Part Number: 219318

airtv mini

Let's get started!

1

Connect the AirTV Mini to your TV

Plug your Mini into an open HDMI port on your TV.

2

Connect the AirTV Mini to power

Connect the provided USB cable (small end) to your Mini and plug the power adapter into an outlet.

3

Insert batteries

Open the back of the remote to insert the batteries.

Remote trouble?

If you need to pair the remote again, press the **REMOTE** button on the Mini for 3 seconds.

Get the remote ready

Insert the included batteries. Next, you will pair the remote as part of the on-screen setup.

4

What's next?

Once the connection steps have been completed, it's time to set up the device.

Complete the on-screen setup

Follow the instructions on your TV to complete setup and device activation.

Factory resetting the Mini

To factory reset the device hold the **REMOTE** button for 10 seconds.

Important Product Information

Federal Communications Commission Notice

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and if not used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase or decrease the separation between the equipment and receiver.
- Connect the equipment into an outlet different from that to which the receiver is connected.
- Consult the dealer or an experienced remote control/TV technician for help.

This equipment has been verified to comply with the limits for a Class B computing device, pursuant to FCC Rules. The user is cautioned that changes and modifications made to the equipment without the approval of manufacturer could void the user's authority to operate this equipment.

FCC Authorization Label

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.
